WE NEED MORE STAFF NOT LESS

We, the undersigned urge Kaiser Permanente to safely and adequately staff our Hospitals. We are understaffed and know that we need more nurses not less.

Kaiser should immediately:

1. Post and fill vacated positions
2. Post and fill training positions
3. Staff and budget our Hospital by patient need, not by desire to further increase Kaiser's profits
4. Kaiser should immediately put their profits back into patient care and our communities
5. Not layoff or cut ***any*** nurses or patient care services
